REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the terms "the complement" and "RNA corresponding thereto" are interpreted as agreed upon by Applicant.

Specifically, the definitions of said terms are as follows:

1. "The complement" is interpreted as being the full length complement of the claimed nucleic acid, and does not include fragments that are complementary to the SEQ ID NO: 1.
2. The "RNA sequence corresponding to" is interpreted as being the result of transcription of the full length of the claimed sequence, in a one-to-one correspondence. It is again noted that this does not include fragments of SEQ ID NO: 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David A. Lambertson whose telephone number is (571) 272-0771. The examiner can normally be reached on 6:30am to 4pm, Mon.-Fri., first Friday off.
